

### Quick Play Option:

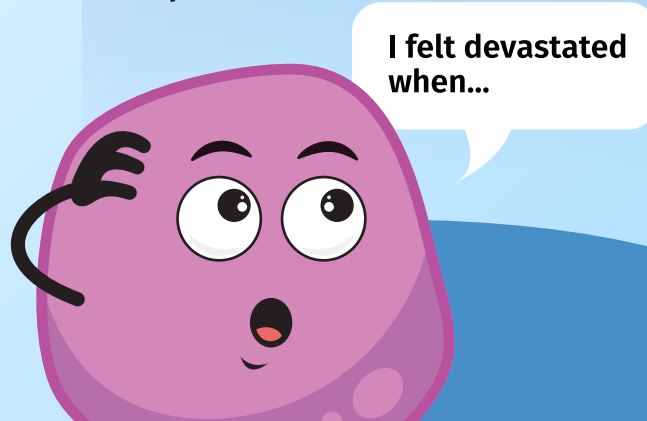

Using all 48 cards will likely be challenging. While some players are up for the challenge, if you prefer a quick play option, separate the cards by background color before shuffling. Select 1 or 2 colors to use, and then shuffle.

Background Color / Number of cards

### Setup:

- Shuffle the deck
- Place all cards face down and organized into a 8 x 6 rectangle (or smaller for the quick play option)
- Designate a place for the discard pile

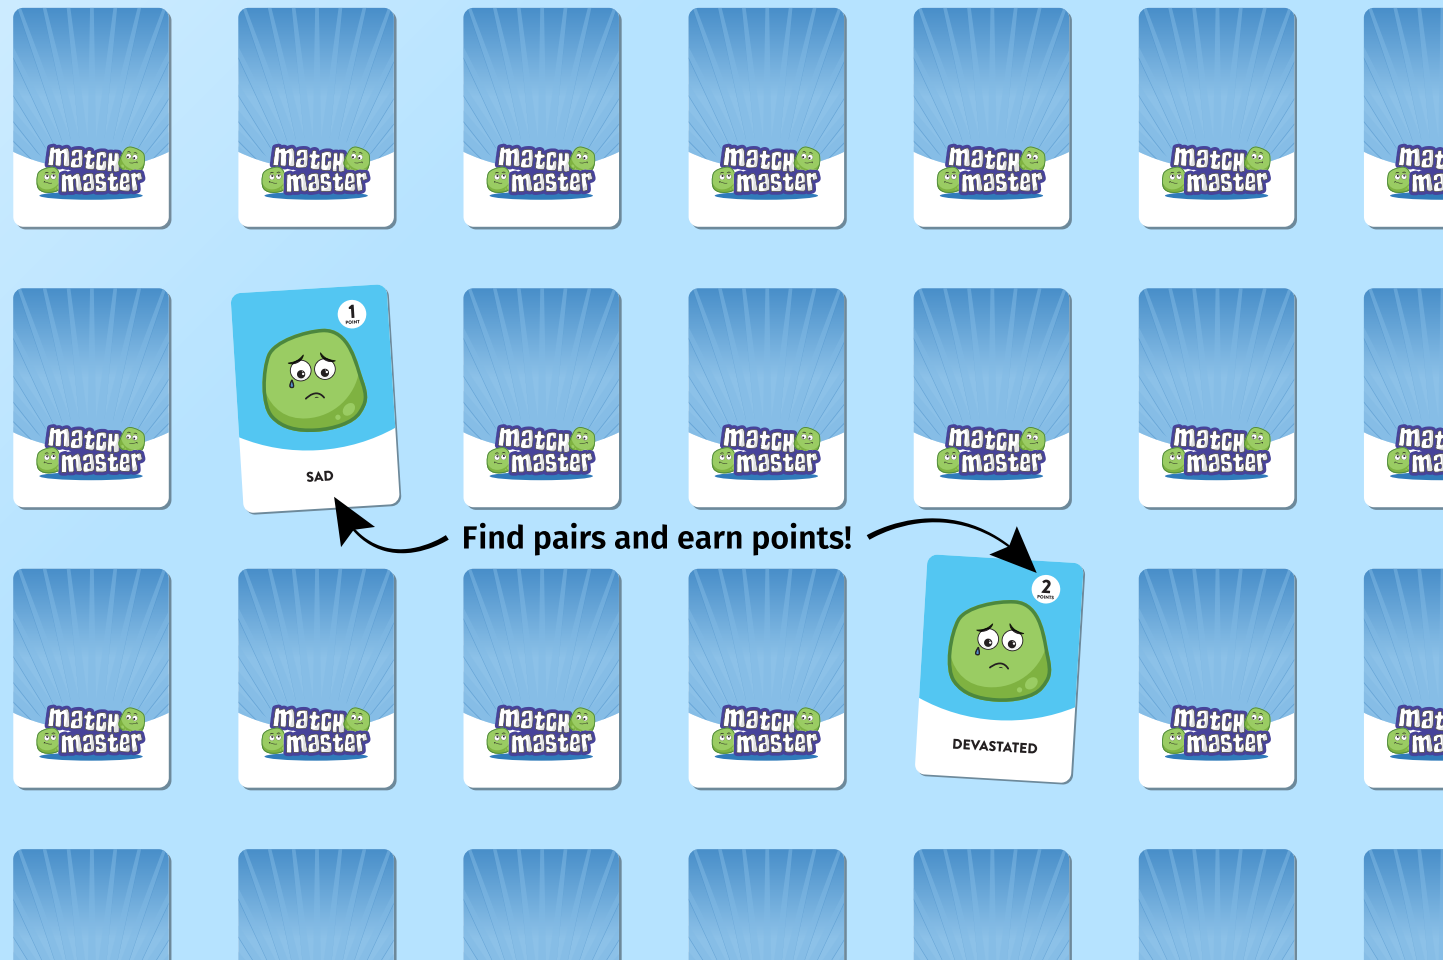

# Gameplay Instructions

## Object of the Game:

To earn the most points while by finding matching cards and using emotions vocabulary words in a sentence. Not all cards are worth the same amount of points, so read the directions carefully.

## Easy as 1, 2, 3,

- 1) **Find a pair of cards** with matching faces
- 2) **Earn points** by using the emotion word on one of the cards in a sentence.
- 3) Place the other card in the discard pile

## Playing the Game:

- Take turns starting with the youngest player and continuing clockwise.
- Each player will flip two cards on his/her turn.
- The player must decide which emotion word he/she wants to use in a sentence, and then place the other card in the discard pile.

If the faces on the cards **do not match**, the cards are returned to their face down position, and the next player takes his/her turn.

- If the faces on the cards do match, the player will take both cards.

1  
POINT  
**SAD**

2  
POINTS  
**DEVASTATED**

To earn the points (point values are written on the card), the player must describe the last time he/she felt the emotion written on the card.

✓ If the player successfully uses the word in a sentence, he/she keeps the card and takes another turn.

✗ If the player fails to use the word in a sentence, both cards are placed in the discard pile, and the next player takes his/her turn.

## Winning the Game

After all matches are found, players will tally their point totals using the cards they kept (not any cards in the discard pile). The player with the most points wins.

## Hint:

All matching pairs are all synonyms (they mean the same thing). So to earn more points, use the 1 point cards to learn the definition of the word, and use the 2 point cards to create your sentences.
